

This Sheet XXII illustrates the distribution of education institutions in the city. The maps at a scale 1: 150 000 show:

- Nursery schools
- Elementary schools
- Grammar schools,
- Middle schools
- Secondary vocational schools,
- Post-secondary vocational schools
- Schools for adults,
- Care and education facilities

The maps were prepared on the basis of the data from the Regional Office of Statistics as on 31st Dec. 2001.

The thematic content is has been illustrated through geometrical spot signatures with uniform graphic representation adequately to the repeating quality characteristics of the mapped objects with respect to:

- type of institution – by signature shape
- size of institution – by signature size corresponding to the assumed number of students
- administrative bodies (organising institution) – by the signature colour assigned to each body

Tables 1 and 2 show the quantitative and qualitative characteristics of the data presented on the maps

Table 1. Care and education centres

Type of institution	Total
boarding hostels	11
children's homes	10
care and education centres	20
emergency care centres	2

Table 2. Schools

Institutions	Type	Number of pupils	Administrative body										Totals
